

CE Declaration of Conformity for microgeneration systems

Product: Ampair 600
Type: Ampair 600 – 24 volt micro wind turbine
 Ampair 600 – 48 volt micro wind turbine
 Ampair 600 – 240 volt micro wind turbine
 Ampair 600 regulators including stop switch
 700 & 1200 watt G83/1 grid-tie inverters (SMA SB/WB 700 & 1200)
 Mounting systems (de-luxe stern mount; wall mounts; flat roof mount;
 guyed mast mount; mid-hinge tower)

We declare that the above specified devices are compliant with the regulations of the European Community when installed as a system.

The devices are compliant with the following standards:

- G83/1
- BS En 61400 part 2
(designed in compliance with the standard for a Class I turbine)
- BS EN IEC 60335-1
- LV Directive 73/23/EC
- WEEE Directive 2002/96/EC
- RoHS Directive 2002/95/EC
- EMC Directive 89/336/EC
- Machinery Directive 98/37/EC

Note that this declaration of conformity becomes invalid if:

- The devices are installed, modified, complemented, or changed in a manner which has not been permitted in the devices' Installation, Operation & Maintenance Manuals.
- In case of improper usage.
